The Golden Feather

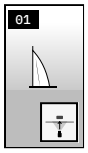

Date _____ Unit _____ Location _____

Tick the box when shot. Numbered shots from the script. Extra angles are on a separate sheet. ● MEI mixologist ● Flying Elephant mixologist

Thumbnail inset = camera seen from above, arrow = camera move

LENS: establishing 20-24mm / bar 35mm / reactions 50-85mm / details 90mm macro. FPS: 25 base, 50-100 for pours, ice, garnish and clinks. Keep screen direction and eyelines consistent across the MEI / FE handover.

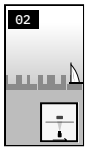

1 The Journey Begins DUBAI / MEI 0-8 S IN PRESENTATION

☐ 

CORE Establishing shot of Burj Al Arab

Establishing shot of Burj Al Arab.

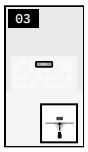

Drone / wide / 24mm-equivalent / 25fps / Drone

☐ 

CORE Crane across the skyline

Crane moving gracefully across the skyline.

Telephoto / wide / 70-200mm or 24mm / 25fps / Crane or jib

☐ 

CORE Exterior transition towards MEI

Exterior transition towards MEI.

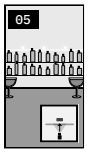

Wide / push-in / 24mm / 25fps / Gimbal or slider

☐ 

CORE MEI entrance and signage reveal

MEI entrance and signage reveal.

Gimbal / tracking / 24-35mm / 25fps / Gimbal

☐ 

CORE Luxury bar interior reveal

Luxury bar interior reveal.

Wide / slow push-in / 20-24mm / 25fps / Slider or gimbal

☐ 

CORE MEI branding in the environment

MEI logo or branding integrated naturally into the environment.

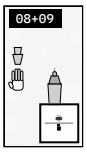

Detail / 35mm or 90mm / 25fps / Tripod

☐ 

CORE MEI mixologist preparing a cocktail

MEI mixologist behind the bar preparing a cocktail.

Medium / 35mm / 25fps / Tripod or gimbal

☐ 

CORE Hands, ingredients and the pour

Hands pick up ingredients and bar tools, then the ingredients are measured and poured, in one macro-rig take. *Covers script shots 08, 09.*

Close-up, then macro / 50-85mm, then 90mm macro / 25 to 50fps / Slider

☐ 

CORE The shake and condensation

Cocktail being shaken, then a push in on the shaker movement and condensation details. *Covers script shots 10, 11. Condensation looks best backlit. Mist the shaker between takes.*

Medium close-up, then extreme close-up / 85mm, then 90mm macro / 25 to 100fps / Slider or gimbal

☐ 

CORE Closes the shaker, looks to camera

Mixologist closes the shaker and looks towards camera.

Medium close-up / 50-85mm / 25fps / Tripod

2 The Shaker's Journey FLYING ELEPHANT (FE)

1. The Arrival at Flying Elephant

The shaker continues across the FE bar. The mixologist reaches out and stops it with his hand. As he catches it, a cloud of smoke appears for a smooth transition.

☐ 

CORE Shaker travels the counter

Shaker moving across the Flying Elephant bar counter and continuing past bar details, in one lateral tracking move. *Covers script shots S2-01, S2-02. Same screen direction as the shaker leaves the frame in 12 and 12A.*

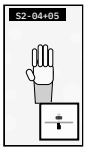

Low-angle close-up / lateral tracking / 35-50mm / 50fps / Slider

☐ 

CORE FE mixologist notices the shaker

FE mixologist notices the approaching shaker.

Medium close-up / 50-85mm / 25fps / Tripod

☐ 

CORE Reach and catch

Mixologist reaches out and the hand catches and stops the shaker, in one tight take. *Covers script shots S2-04, S2-05. Slow motion suits the catch. Time it with the smoke.*

Close-up on hand, then tight close-up / 85-90mm macro / 100fps / Slider or tripod

☐ 

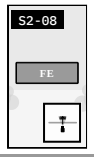

CORE Smoke and transition

Smoke appears as the shaker is caught and fills the frame to create the transition. *Covers script shots S2-06, S2-07. Needs venue and safety approval for the smoke effect.*

Close-up / controlled effect, into transition plate / 50-90mm / 50-100fps / Tripod

2. Discover Flying Elephant

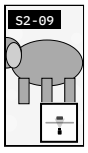

Through the smoke, reveal the venue: the logo at the entrance, the iconic elephant, the bar, elegant table settings and distinctive interior details.

☐ 

CORE Flying Elephant logo at the entrance

Flying Elephant logo at the entrance. *Start with identifiable branding, as the notes ask.*

Static detail / slow push-in / 35-50mm / 25fps / Slider

☐ 

CORE Iconic elephant feature

Iconic elephant feature or sculpture, wide reveal then close-up detail.

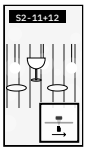

Wide reveal, then close-up detail / 24mm then 90mm / 25fps / Gimbal or slider

☐ 

CORE Main bar reveal

Main bar reveal.

Wide / slow gimbal push-in / 20-24mm / 25fps / Gimbal

☐ 

CORE Table settings and interior details

Elegant table settings, then distinctive interior design details, with a slider move and controlled pans. *Covers script shots S2-11, S2-12.*

Medium detail, then close-ups / controlled pans / 35-90mm / 25fps / Slider or fluid head

CORE Atmospheric venue insert through smoke

Atmospheric venue insert through lingering smoke, if practical. *Only if the smoke effect allows it.*

`Wide or medium / static / 35mm / 25fps / Tripod`

3. Back to the Mixologist

Return to the FE mixologist behind the bar. He picks up the shaker, smiles and begins finishing the cocktail, adding extra ingredients.

CORE Return to the FE mixologist

Return to FE mixologist behind the bar. *Same position, wardrobe, shaker and glassware as before the smoke.*

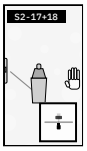

`Medium / 35mm / 25fps / Tripod or gimbal`

CORE Picks up the shaker and smiles

Mixologist picks up the shaker, smiles and resumes preparation, in one move from hand to face. *Covers script shots S2-15, S2-16.*

`Close-up on hand, then medium close-up / 85mm / 25-50fps / Gimbal or tripod`

CORE Extra ingredients

Mixologist reaches for additional ingredients and adds them to the shaker or mixing glass. *Covers script shots S2-17, S2-18.*

`Close-up, then macro / 85-90mm / 50fps / Slider`

4. The Art of Mixology

Close-ups of him mixing, shaking, pouring and finishing the drink.

CORE Stirring and bar tools

Mixologist combines or stirs the ingredients, with the hands working bar tools. *Covers script shots S2-19, S2-20.*

`Close-up, then macro / 85-90mm / 25-50fps / Slider`

CORE The shake

Mixologist shakes the cocktail, then tight on the shaker movement and details. *Covers script shots S2-21, S2-22.*

`Medium close-up, then tight close-up / 85mm, then 90mm macro / 25 to 100fps / Gimbal or slider`

CORE Pour, fill and garnish

Cocktail poured from the shaker, liquid flow as the glass fills, then the final garnish, as one macro sequence with slow motion on the pour. *Covers script shots S2-23, S2-24, S2-25.*

`Close-up / macro / extreme close-up / 90mm macro / 50-100fps / Slider`

CORE Hero drink and the mixologist

Finished cocktail presented on the bar, then the FE mixologist with the completed drink. *Covers script shots S2-26, S2-27. Must match the drink in scene 3.*

`Hero close-up, then medium close-up / 90mm macro, then 50-85mm / 25-50fps / Slider or tripod`

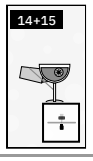

3 The Meeting LOCATION NOT STATED IN THE SCRIPT

CORE FE mixologist holding the finished cocktail

Flying Elephant mixologist holding the finished cocktail.

`Medium / 35mm / 25fps / Tripod or gimbal`

CORE Pour and garnish

Cocktail poured into an elegant glass, then the finishing touches and garnish placement. *Covers script shots 14, 15.*

`Close-up, then macro / 90mm macro / 50fps / Slider`

CORE Mixologist admires the drink

Mixologist admires the finished drink.

`Medium close-up / 50-85mm / 25fps / Tripod`

CORE Cocktail offered across the bar

Cocktail offered across the bar.

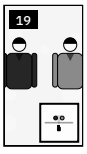

`Over-the-shoulder / 50mm / 25fps / Tripod or gimbal`

CORE MEI mixologist receives the cocktail

MEI mixologist receives the cocktail.

`Close-up / 85mm / 25fps / Tripod`

CORE Reaction and recognition

Reaction and recognition between the two. *Shoot each face as its own single so the moment can breathe in the edit.*

`Close-up / 85mm / 25fps / Tripod`

- [ ] 

CORE Both raise their glasses

Both raise their glasses.

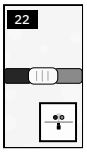

`Medium two-shot / 50mm / 25fps / Tripod`

- [ ] 

CORE Glasses meet for a toast

Glasses meet for a toast.

`Extreme close-up / 90mm macro / 50-100fps / Tripod`

- [ ] 

CORE Two mixologists shake hands

Two mixologists shake hands.

`Close-up / 50-85mm / 25fps / Tripod`

4 The Takeover `FLYING ELEPHANT`

- [ ] 

CORE Tight on cocktail preparation

Start tight on cocktail preparation. *Frame it so the dolly-out in 24 starts from this exact composition.*

`Close-up / 85-90mm / 25fps / Slider`

- [ ] 

CORE Camera pulls back to reveal the bar

Camera slowly pulls back, revealing the full bar.

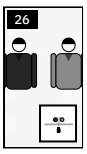

`Wide / dolly out / 24-35mm / 25fps / Dolly`

- [ ] 

CORE Both mixologists side by side

Both mixologists now visible side by side.

`Wide / 24-35mm / 25fps / Tripod`

- [ ] 

CORE Recognition and smiles

Recognition and smiles between old friends.

`Close-up / 85mm / 25fps / Tripod`

- [ ] 

CORE Subtle nod and friendly interaction

Subtle nod and friendly interaction.

`Medium two-shot / 50mm / 25fps / Tripod`

- [ ] 

CORE Reach for tools, first mixologist begins

Both reach for their bar tools in detail, then the first mixologist begins preparing a drink. *Covers script shots 28, 29.*

`Detail, then medium / 50-90mm, then 35mm / 25fps / Gimbal`

- [ ] 

CORE Second joins: pours and shakes

Second mixologist joins, with rapid ingredient pouring and simultaneous shaker movements, shot as one dynamic take. *Covers script shots 30, 31, 32.*

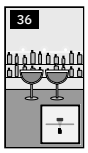

`Medium / dynamic, close-up on the pour / 35mm, 85mm for the pour / 25-50fps / Gimbal`

- [ ] 

CORE Ice, pour and garnish

Ice dropping into the shaker, the cocktail pouring into glasses in slow motion, then garnish and finishing touches, as one macro sequence. *Covers script shots 33, 34, 35.*

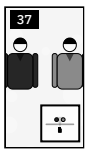

`Macro / slow motion close-up / 90mm macro / 50-100fps / Slider`

- [ ] 

CORE Both cocktails on the counter

Both completed cocktails placed on the counter.

`Detail / 50-90mm / 25fps / Slider`

- [ ] 

CORE Mixologists exchange a look

Mixologists exchange a look.

`Medium close-up / 85mm / 25fps / Tripod`

- [ ] 

CORE Both raise their glasses

Both raise their glasses.

`Medium two-shot / 50mm / 25fps / Tripod`

- [ ] 

CORE Final cheers and clink

Final cheers and glasses clinking.

`Extreme close-up / 90mm macro / 100fps / Tripod`

- [ ] 

CORE Both together behind the bar

Both together behind the bar. *Hold the final composition, then the brand identity.*

`Wide / slow pull-back / 24-35mm / 25fps / Dolly or slider`
